The UK's Most Excellent Spa 2007

It's rejuvenating, it's cosseting, and now officially it doesn't get any better than a visit to this spa.

The Spa at Pennyhill Park Hotel walked away with the spectacular 'Most Excellent Spa' title last night, at the glitzy Conde Nast Johansens's 25th Anniversary Awards held in Central London.

Amidst tough competition, The Spa was singled out as the ultimate escape and the place where most Conde Nast Johansens readers loved and wanted to return.

General Manager, Mr David Broadhead proudly received the award on behalf of the team at Pennyhill Park and added 'This is a splendid achievement for us and we are most grateful to be recognised so impressively in a highly competitive market'.

'An enormous amount of thought and work has gone into creating The Spa at Pennyhill, to ensure we give our guests a truly amazing experience when they spend precious time and money escaping to a spa. This award authenticates that we are on the right track' he added.

Just 20 miles from the centre of London and tucked tranquilly away in the heart of Surrey, Pennyhill Park Hotel has created the ultimate escape to restore a sense of calm and balance back into your life.

Sumptuously spacious and calming, The Spa's philosophy from day one has been natural, holistic and organic so that you achieve your personal goals, whether they are to relax, to feel more beautiful or to purify and detox.
